Address:

903 Hartford Ave, Norton

Price:

99.00 \$

Well-maintained 3 bedroom, one bath home with extended garage. Pergo flooring in kitchen, dining, master in excellent condition. New carpet installed on main and upper in 2017. New windows installed 1997. Hot water heater installed 2016. New heating and air, 2005. Large yard front and back with beautiful large trees for shade. Brick patio in back with large storage shed (also with vinyl siding and asphalt roof). Irrigation system. This home offers a lot of storage space! Located near both the elementary and middle/high schools. Priced to sell! This home won't be available for long. Can also be used as a home base for deer and pheasant hunting trips.

I love the family room downstairs and the large laundry room, as well as all of the storage space. Great yard for entertaining and family get togethers!

Full details and images are on Zillow.
