Address:

1016 7th St., Boone

Price:

14.00 \$

This property was acquired through foreclosure. All we did was clean the junk out. It was occupied so I believe the electric and water work but no guarantees. The property will be sold AS-IS in its current condition. We believe the property may need a new roof. This is a unique building that may used to have had a small retail store or 2 apartments. It does have a double garage. We do not currently have any other pictures.

It sits on a lot size of 30*90.

This property is available for \$14,000 cash or for \$1,000 more on contract.
